

*This is a sample of various NPC hollers, commenting on the game environment in the tone of voice of a slang speaking trucker.*

*For reference:*

*Bears - Police*

*Manifest - Document listing a truck's cargo*

*Scale - Weigh station*

*Fat load - Truck exceeding maximum gross vehicle weight*

*Since I can't share the actual location names, I've switched those out to "Pluto".*

---

- Pluto bears are out of their hibernation dens, keep it tidy.
- Just lost half my rig in Pluto, it's dirty with bears out there.
- If you ain't matching your manifest, keep outta Pluto.
- They gave me a real washout at the Pluto scale, ain't got no cargo left.
- Pluto is tracking down fat loads like bloodhounds.
- Secure the milk, heat incoming Pluto.
- I spot Big riggers on the move to Pluto, hope they beat the barbecue to it.
- Chugging into Pluto, must've just missed the storm.
- If you're planning on moving towards Pluto, bring your shades cause it ain't gonna be pretty.
